From: Dr. T. Michael Raley, Director of Academic Affairs and Licensing 

Annual Report on Licensing Activities for FY 2011 - 2012

Background

This informational report on licensing activities has been prepared for the Committee's information. The information found in the tables covers the period from July 1, 2011, through June 30, 2012.

Under South Carolina law, all licenses for higher education institutions operating in the state are program- and site-specific. Thus, an institution must first be approved by the Commission to operate at a given site for the offering of a given program or programs. An institution which is already licensed must apply for an amendment to its license when:

- It seeks to add a field or major not previously offered if that field/major constitutes more than 18 semester hours of credit.
- Academic requirements in an existing field or major are changed which constitute 25% or more of that field or major as originally licensed.
- Cumulative changes in the course of a calendar year equal or exceed 25% of the field or major as originally licensed.

Requests for initial licensure of new degree-granting institutions, amendments to existing licenses to add degree programs at in-state institutions, and amendments to existing licenses to add in-state sites to licensed institutions are all evaluated by the licensing staff in the Division of Academic Affairs and Licensing. Staff then refers these requests to the Committee on Academic Affairs and Licensing with a recommendation for action.

For changes of less consequence than those described in the two paragraphs immediately above, a licensed institution meets the requirements of the law by simply notifying the Commission in writing. Such minor changes include institutional changes in:

- Course requirements in an existing program which constitute less than 25% of the program's academic requirements in a year.
- A "concentration" within a program of study which constitutes 18 credit hours or less.
- A name for an existing program of study.

- The mode of delivery for an existing program of study.

This report has been organized to reflect comprehensively the staff work required to assure that the law is applied appropriately in the licensing of qualified institutions seeking to offer academic programs of higher education within the state of South Carolina. Listed herein are the following sections:

- I. Approval of Initial Requests for Degree-Granting Institutions
- II. Amendments to Existing Licenses to Add New Degree Programs
- III. Amendments to Existing Licenses for Degree-Granting Institutions to Add New Sites
- IV. Nondegree (certificate and diploma) Activities
- V. Complaints, Records, and Agent Permits

I. Approval of Initial Requests for Degree-Granting Institutions

The Committee on Academic Affairs and Licensing and the Commission approved three applications for initial licensure in 2011-2012.

IV. Nondegree (certificate and diploma) Activities

In addition to licensing of degree-granting institutions, the Commission also licenses entities that offer certificate and diploma programs that prepare students for a pre-determined vocation. The Commission has delegated to the staff the authority to review and approve nondegree programs. As of June 30, 2012, CHE licensed 77 schools that offer nondegree programs. During the 2011-12 fiscal year, the staff approved initial licensure of the following nine schools that offer nondegree programs:

Carolina Nurse Aide School, Bowman
 Charleston School of Dental Assisting, Charleston
 Envision Healthcare Training, Taylors
 Integrated Technology Center, Columbia
 L.S. Technical Institute, Greenville
 Murrell Construction Institute, Marion
 Pee Dee Medical Training Center, Lake City
 Pittsburg Institute of Aeronautics, Myrtle Beach
 Ravenel Medical Center School for Nurse Aides and Phlebotomists, Ravenel

Two nondegree schools ceased training during the 2011-12 fiscal year: Schuman Nursing Assistant Academy, Spartanburg, did not renew its license and Georgia School of Construction, Marietta, GA, did not renew its license to recruit SC residents. There were no refunds due or teach-out costs from the closing of these schools.

IV. Complaints, Records, and Agent Permits

The licensing regulations require that each institution include a complaint procedure in its catalog. The procedure typically includes a formal process by which a student may approach institution officials and seek resolution through the institution. If the student cannot reach a satisfactory conclusion, he or she may submit a complaint to the Commission. Members of the staff of the Commission refer students to other resources and mediate sharing of information between students and school officials. In cases where students file formal complaints, the staff reviews the complaint, sends it to the school for response, transmits the response to the student, and negotiates resolution of the complaint. Sometimes complaints result in readdressing policies and procedures at the schools in order to avoid similar problems.

During the year ended June 30, 2012, licensing staff received 72 complaints from 39 institutions. The complaints were about a variety of issues ranging from misunderstandings about financial aid administration and eligibility, charges, and refunds; eligibility for teacher or principal certification for education-related programs; and access to student services and advising. The following is an outline of the some of the institutions and issues.

Examples of Complaints

Number of Complaints	Institution	Issues	Status
2	ABC Bartending	Advertising, refunds	Illegally operating; previously licensed; did not respond to complaints
3	Independent, in-state	Various	Referred or resolved
5	Licensed non-degree	Various	Resolved
7	Woodfield University/High School	Validity of credentials, refuses to make refunds	Illegally operating, institution claims to be in Greenwood; unable to verify; did not respond to complaints or cease and desist
9	Exempt (other such as another agency, religious, or out-of-state)	Refunds, information	Referred
9	Public	Various	Referred or resolved
10	Mejias Medical Training Center, Florence	Non-degree, licensed school; lack of equipment, qualified instructors, and unpaid refunds	School owner arranged with licensing staff to suspend training in one program and make appropriate refunds
21	Private, for-profit degree-granting	Typically processing, accessing, and understanding financial aid	Resolved with information

The Commission is the repository for records of schools that have closed. The Commission received 248 requests for transcripts in fiscal year ended June 30, 2012.

The Commission also issues permits to agents who represent licensed institutions. The agents follow-up on leads generated by advertising and soliciting activities. During the 2011-12 fiscal year, the Commission issued 296 agent permits.
